## LOCATION MAP

## WHAT GUESTS REQUIRE:

- Attitude and spirit!
- Average fitness and the ability to walk for 5-7 hours over mountain tracks each day. Good mobility as the track surface varies from smooth, well-formed paths, to uneven terrain with some steeper gradients that you would expect of an alpine environment.
- Hiking boots or sturdy shoes suitable for walking and stream crossings.
- Clothing suitable for walking should be worn (not jeans). A sturdy waterproof jacket, warm hat, gloves and sunhat along with either a warm sweater, thermal top or lightweight fleece jacket **MUST** be carried on the walk, as New Zealand can experience four seasons in one day.
- A small day pack is required for extra clothing and waterproof jacket, plus, camera, film, sunglasses, drink bottle & sunscreen.
